American Whiskey, Bourbon & Rye 25ml

Jack Daniels Tennessee Whiskey 4.25

Made up of 80% corn, 12% rye and 8% malt. The spirit is filtered through 10 feet of sugar maple charcoal to produce a mellow, slightly smoky character, thus making it Tennessee whiskey.

Jack Daniels Tennessee Apple 4.25

Jack Daniels Tennessee Apple is a blend of classic Jack and apple liqueur.

Buffalo Trace Kentucky Bourbon 4.75

Made from corn, rye and malted barley. It's aged in new oak barrels in historic old warehouses. The award-winning bourbon is batched from no more than 40 barrels at a time.

Woodford Reserve Kentucky Bourbon 4.75

Woodford Reserve features a high percentage of rye: 72% corn, 18% rye and 10% malt. The whiskey is also unusual for being triple distilled and having the lowest proof upon entering the barrel where it matures for at least six years.

Gentleman Jack Tennessee Whiskey 6.75

Gentleman Jack exhibits impressive complexity and flavour. The main difference is that it enjoys a 'double mellowing' as it's filtered through charcoal both before being filled into the barrel (the Lincoln County Process) *and* before it's bottled.

Jack Daniels Tennessee Rye 6.75

The first whiskey from the distillery that's different from the classic Tennessee Whiskey since Prohibition! It features a core of 70% rye, supported by 18% corn and 12% malted barley and enjoys the same charcoal filtration as their other expressions.

Jack Daniels Single Barrel 7.25

A premium version of Jack Daniel's coming from a single barrel, specially selected by the master distiller. These are chosen for their suitability as standalone spirits, resulting in a whiskey full of richness and complexity.

Woodford Reserve Kentucky Straight Rye 8.75

Made up of 53% rye, this rye shows off its spice up front and balances it well with notes of fresh fruit (think pear and cherry), chopped mint and a sweet touch of honey.

Woodford Reserve Double Oaked 8.75

Aged in the same way as the classic Woodford Reserve, but following this, it is further matured in barrels which have been heavily toasted and lightly charred. This imparts an added depth of sweet oaken character to the whiskey, as well as developing the fruit, vanilla and caramel notes.
